

Nevada Institute of Personalized Medicine Symposium 2022

About the Nevada Institute of Personalized Medicine Symposium

The Nevada Institute of Personalized Medicine (NIPM) is hosting their annual symposium this year to virtually celebrate the accomplishments of the Institute and connect with the local biotech community.

The 2022 Symposium will take place on March 10, 2022 in person at the Stan Fulton Building on the UNLV campus.

What is the Nevada Institute of Personalized Medicine?

The Nevada Institute of Personalized Medicine (NIPM) believes that applied genetics and genomics can improve individual and systemic health care through translational clinical scientific research, workforce education and training, commercialization of technologies, job creation and clinical genetics services. The Nevada Institute of Personalized Medicine is the only established Center of Excellence for Personalized Medicine in Nevada that is endorsed by the National Institutes of Health.

NIPM Symposium 2022 Sponsorship Opportunity

- **Conference Sponsorship - \$1,000**
 - All sponsorships receive the following opportunities during the conference:
 - Opportunity to host an in-person table to network with all symposium attendees;
 - Marketing and networking opportunities with all symposium attendees;
